More THAN A WORKSPACE

BUILDING MODERNIZATION

- New expanded Park Avenue lobby with 30' ceiling heights
- New recessed, low-profile perimeter heating and cooling fan coil units at entrance lobbies
- New floor-to-ceiling lobby façades and reconfigured building entrances at Park Avenue and Lexington Avenue
- New plaza-level tenant façades at Park Avenue
- New Lexington Avenue lobby and entrance porch
- Streamlined visitor access
- All new elevators and elevator cabs

INFRASTRUCTURE MODERNIZATION

- New state-of-the-art turnstile security
- Extended HVAC hours
- 24-hour lobby heating in winter
- Upgraded lobby-area fire alarm system
- Modernization of main chiller plant, energy-efficient compressors, and latest technology control system
- 2 new plate and frame heat exchangers for energy-efficient cooling operation
- BMS system upgrade
- Energy-efficient perimeter fan air distribution upgrade
- Ample emergency generator capacity
- Extraordinary supplemental chilled and condenser water availability

BEE PART OF THE CHANGE

The rooftop beehives at 277 Park Avenue connect tenants to nature and support sustainability efforts by repurposing unused space, promoting environmental awareness, and positively impacting the surrounding ecosystem with an ultra-local honey harvest.
